City of Gahanna, Ohio**

**AN ORDER REGARDING THE WEARING OF FACE COVERINGS IN PUBLIC TO
DECREASE COMMUNITY SPREAD OF COVID-19**

WHEREAS, COVID-19 is a respiratory disease that can result in serious illness or death and can easily spread from person to person; and

WHEREAS, Governor Mike DeWine has issued Executive Order 2020-01D, declaring a State of Emergency in the State of Ohio as a necessary statewide preventive and proactive measure to slow the spread of COVID-19, and the Director of the Ohio Department of Health has issued multiple statewide Orders relative to COVID-19, which remain in effect; and

WHEREAS, on March 23, 2020, Gahanna City Council issued an emergency ordinance, ORD-033-2020, declaring a State of Emergency in the City of Gahanna and empowering the Mayor with extraordinary powers during the State of Emergency; and

WHEREAS, the spread of COVID-19 continues to threaten the lives of the citizens in Franklin County, which includes the City of Gahanna, and substantially impairs the ability to protect the lives and property of the citizens of the City of Gahanna; and

WHEREAS, on July 2, 2020, Governor DeWine, in conjunction with other health officials as part of the state Public Health Advisory System, designated Franklin

County as a Risk Level 3, with a “very high exposure and spread” with guidance to “limit activities as much as possible” and to “follow all current health orders,” and the Governor specifically identified Franklin County as the only county approaching a Risk Level 4, which would indicate the county has a “severe exposure and spread”; and

WHEREAS, face coverings can decrease the spread of respiratory droplets from people, thus limiting the spread of COVID-19; and

WHEREAS, to help prevent the spread of COVID-19 from unknowing carriers to others, the Centers for Disease Control and Prevention (CDC) recommends wearing face coverings in public where other physical distancing measures are difficult to maintain; and

WHEREAS, requiring face coverings to be worn promotes health, safety, and efforts to limit the spread of COVID-19 while enabling the continuation of services, businesses, and travel necessary to protect public health and safety, and allowing for the continuity of social and commercial life during the State of Emergency; and

WHEREAS, it is necessary to empower business and property owners with the legal ability to assure mask wearing compliance by individuals on their premises; and
